Advising Clients on Data Security & Data Privacy Issues

With data breaches in the news every day, more businesses are looking to their lawyers for advice on what data security obligations apply to them, and whether they are complying with those obligations. How do you advise those clients? And what practical concerns do clients face in learning about - and complying with - the myriad of regulations that apply? At this CLE, you will hear from Brian Sniffen, a lawyer at Miller Nash Graham & Dunn LLP who counsels clients in this area and Ngoni Murandu, Chief Information Officer, NW Natural, both of whom will give you tips on how to better serve your clients.

For more information: Call Seth Row, Miller Nash Graham & Dunn LLP at 503.205.2318. For registration questions, call the MBA at 503.222.3275.
